PARTICIPANT INFORMATION

OVERVIEW

At Mystic Bike Park we have over 45km of different trails crisscrossing in a pine plantation resulting in virtually endless trail combinations. Offering multiple unique stages over the course of the weekend, Enduro Jam combines the best of our trail network with our favourite aspects of racing, using a Jam format. Fit for any racers level, we will be hosting; a Pro Jam featuring the best of Mystic's black and double black tech; an Open Jam showcasing a mixture of fast tech and flow, on single black and blue terrain; a Sample Jam that races down Mystic Bike Parks most fun green and blue trails, Electric Jam to test your limits on the ebike, lastly a Taster Jam giving beginners the opportunity to try out our new green trails and be part of the action.

Each day riders have as many opportunities as they like to set times on each of those stages and only their fastest time will be kept. All liaison stages will be uplift accessed, which means there is no climbing required! Live leaderboards will be active all day for each stage, allowing riders to set times and move up the ranks throughout the day.

Ultimately, the Enduro Jam is designed to provide a laid-back race environment, where riders can find their limit while experiencing the wide array of trails at Mystic Bike Park.

ENDURO JAM – PRO JAM

2 Days, 2 Stages per day and Unlimited Uplift Laps to set the fastest time. The Pro Jam is aimed at more experienced racers and will give you the opportunity to race some of Mystics’ fastest and most technical trails against National and International competitors. Pro Jam racers must be comfortable riding the most challenging trails at Mystic Bike Park.

The Pro Jam stages will be run on separate courses, which means all stages across the event weekend will be pro-only stages! Based on racer feedback we have condensed Pro Jam racing to 2 days and 2 stages per day, for maximum action on course.
