

MYSTIC

Job Description - Bike Coach

Overview

Elevation Mystic Operations runs and operates Mystic Bike Park, which includes trail development, trail maintenance, bike patrol, uplift and bike hire. We are looking to expand the team to take on a Bike Coach role for customers of all skill levels.

Elevation Mystic Operations will undertake a significant capital expenditure program in Mystic Bike Park, which is expected to drive strong visitation growth as exciting new trails, facilities, and programs are brought online.

Elevation Mystic Operations has formed a special purpose company to manage Mystic Bike Park, Elevation Mystic Operations Pty Ltd (EMO).

Elevation Mystic Operations team is united by a strong passion for mountain biking, and offers a supportive, fast paced, but fun workplace, where employees are rewarded with a wide range of employee benefits.

We are currently hiring for the Bike Coaching role on a part time or casual basis to commence in September 2025.

Bike Coach - Role Overview

EMO is seeking a passionate, driven Bike Coach who is eager to support the development and growth of one of Australia's leading mountain bike destinations. The Bike School Coach will be responsible for the day-to-day operation of Mystic Bike Park Bike School, bike skills coaching, and guiding operations, including management of general lessons, private lessons, and special programs.

The Bike Coach role will include the following key tasks;

- Bike School: support the day-to-day operation of the Mystic Bike Park Bike School program
- Program and lesson delivery: deliver a wide range of lessons and programs to riders of all abilities
- Junior Events: assist in the planning and delivery of junior racing and events.

- Program review and development: assist the management team in reviewing and developing the Bike School program

Essential Attributes

- Minimum of 2 years bike coaching experience
- PMBI level 2 (or greater), or equivalent coaching qualification
- Expert-level riding ability (Double Black Diamond jump and technical trail capability)
- Strong interpersonal skills
- Proven management experience

Desirable Attributes

- First aid qualification
- Mountain bike event experience
- Leadership experience

The Bike Coach will report directly to the General Manager.
